

## FY 2022 Trailer Appropriation

**Department:** Legislative Branch  
**Division:** Legislative Services Office  
**Description:** Trailer Appropriation to S1084

**Sponsor:** Rep. Troy

### 1. Background:

S1084 passed the House on April 8th, 2021. The bill creates a Sunset Review Committee that will review all licensing authorities on a rotating basis. The review process is used to determine if existing regulation is still necessary and if not provides an opportunity to reduce unnecessary regulation. All licensing authorities will be separated into six groups at the committee's discretion. The committee will review at least one group annually and provide a report back to the Legislature.

The fiscal note for S1084 includes 1.00 FTP and \$70,000 for Legislative Services Office to staff this committee. There are approximately 442 licenses with multiple licensing authorities that would be reviewed. This FTP would be responsible for all the administrative work for this committee including gathering materials, providing factual analysis, and assisting the committee with any additional information as necessary.
